Wednesday, February 26, 6pm-10pm – Biscayne Beach Sales Gallery, 254 NE 30th Street, Miami

South Florida real state elite joined Eastview Development, GTIS Partners and Cervera Real Estate for the opening of celebrity interior designer Thom Filicia's Sales Gallery for Biscayne Beach, the first luxury condominium to bring a private beach club to Miami's urban core in Edgewater.

Filicia has signed on to create the sophisticated 'beach chic' designs for the project's common area amenity spaces and exclusive penthouse units. Home to 399 residences and rising 51 stories along the bay in Miami's East Edgewater neighborhood, Biscayne Beach marks Filicia's first high-rise condominium design project. Construction is set to begin in the spring of 2014, with completion scheduled for 2016.
